## School Background

The school was constructed during the school year 1983 – 1984 through the resolution passed by the Barangay Council spearheaded by the Brgy. Captain Simeon Hernandez supported by the late Mayor Jose Oliveros. It started serving the community of Barangay Mambugan during the School Year 1986-1987 with 4 teachers handling 5 classes with an enrollment of 142. This was located at Agnesville Subd. Mambugan Antipolo City with an area of 2,590 sq.m. Since then, the school catered the minds of young Mambugueños and continued to exert efforts to soar high not just in academic but in the non-academic aspects as well.

Spearheaded by the principal, Mrs. Wilma R. Doctor, the whole school and the community stakeholders worked as full partners and supported the endeavor of *Wash In School Program* which contributed significantly to the schools Maturing Level in the School-Based Management.

### SCHOOL-BASED MANAGEMENT LEVEL OF PRACTICE

Areas	Weight	Computation	Results
A. Performance Improvement	60%	$1.65 \times 0.60$	0.99
B. SBM Assessment Score (DOD)	40%	$1.89 \times 0.40$	0.76
<b>Total</b>	100%		<b>1.75</b>
<b>Interpretation**</b>		<b>Level II (Maturing)</b>	

*Level II (Maturing) in the SBM Level of Practice is attributed to the adherence of the school to WINS Program*

## WinS 3-Star Chart

Overall Rating shows that based from the 5 Critical Indicators of Wash In Schools Program, Mambugan I Elementary School attained the maximum requirements to reached 3 Stars in Water, Sanitation, Hygiene and Health Education. However, Deworming still proves to be the challenge of the school to fully adhere to the purpose of WINS.

## Health Education

OK sa DEPED

Advocacy for Parents

# Main Challenges

- ❑ Inadequate number of toilet seats and handwashing facilities for the total number of school population
- ❑ Support of stakeholders/parents
- ❑ Overload teachers' schedules
- ❑ Students'/pupils' attitudes on compliance
- ❑ Shortage of financial means
- ❑ Shifting of Classes

## Approaches & Strategies to Move Forward

- ✓ Reward System
- ✓ Inclusion in the budget from the MOOE (ESIP/AIP/MCP) and Canteen Fund
- ✓ Technical Assistance from SDO
- ✓ Setting of priorities for improvement
- ✓ Income Generating Project for Handwashing Facilities

- ✓ Continued partnership with NGOs (Save the Children)
- ✓ Supportive Teachers and Non-Teaching Personnel
- ✓ Inclusion of WINS Program in the In-Service Training of Teachers
- ✓ SBM Documentation which highlights WINS program
- ✓ Integration of WinS in the preparation of DLL and Lesson Plans

# Enabling Factors for School Improvement

- Creation of TWG Team per grade level
- Inclusion of WinS in the ESIP/ AIP
- Integration of WinS Education in the lesson plans
- Focused Group Discussion on the improvement of WinS implementation
- Monitoring, evaluation and documentation of the activities being conducted like daily group handwashing and toothbrushing and keeping updated records of the activities
- Availability of Information Education and Communication (IEC) materials posted on handwashing area and comfort rooms
- Orientation of parents, stakeholders, LGUs on school health programs
- Availability of sanitary napkins
- Presence of MRF ( Material Recovery Facility) on proper waste segregation
- Checklist on monitoring and evaluation
- Availability of personal hygiene kit for each pupil/student

# Best Practices

Involvement of Barangay in Mass Weighing Activities

Strong partnership with External Stakeholders (LGU & Save the Children)

Hands-on participation of Parents and Teachers in SBFP

# WinS Champion

**Child Health Promoters** as part of the Schools Mechanism in supporting WINS Activities

**Local Government Unit Heads** showed continued assistance to school's endeavor.

**School Head** insuring the inclusion of Project PAWS in the Schools SIP/AIP which aims to promote WINS.

**Division Personnel** who constantly monitors School's Activities

Department of Education  
Region IV - A CALABARZON  
CITY SCHOOLS DIVISION OFFICE OF ANTIPOLO  
District 1 - D  
MAMBUGAN I ELEMENTARY SCHOOL

Project Name: Project PAWS ( Promoting and Applying WASH in School )

Problems Encountered: Inadequate handwashing facilities and comfort rooms  
Parents' perception about deworming

Objective: Promoting awareness on the part of School Health and Nutrition Section particularly on proper hygiene and sanitation and to increase the number of pupils availed different health services like deworming, handwashing, toothbrushing and dental screening and treatment.

Proponent: WinS TWG

Accomplishment Report

To increase the number of pupils dewormed from 22.22 % or 891 pupils to 85% in three years.

To increase the number of pupils performed handwashing and toothbrushing drill.

To increase the number of pupils availed dental screening and treatment from 9.99 % or 400 pupils to 85% in three years.

**Healthy learners** are better learners. We believed that the foundation of health should be laid down not only in our school but in all schools. ( Water, Sanitation and Hygiene or WASH)

Prevention of most common illnesses among school-aged pupils develops positive behavior and life skills which help them learn better.

As we move forward providing all our learners with quality, relevant and accessible education, we strongly open our hearts and doors by committing ourselves as WinS Advocates.
