

WINS UPDATES AND DIRECTIONS

DR. MA. CORAZON DURLAO , Chief
BLSS- School Health Division

INTRODUCTION TO THE DEPED WINS PROGRAM

'in collaboration with the WinS TWG partners

WASH IN SCHOOLS
THREE STAR APPROACH

Implemented by:

Save the Children

Policy Objectives

1. Ensure correct knowledge and understanding among learners of effective hygiene and sanitation projects;
2. Improve equitable access to safe water, adequate toilets, and hand washing facilities;
3. Improve hygiene and sanitation practices among the learners to enable them to develop life-long positive hygiene and sanitation behaviors;
4. Ensure that schools are kept clean and safe through school-based solid waste management, proper drainage, the elimination of breeding grounds for mosquitoes to prevent vector-borne diseases, and strengthen food safety ; and
5. Engage public and private partners for program implementation and sustainability.

KEY COMPONENTS OF WASH IN SCHOOLS

The DepED WASH in Schools Program has eight (8) components, namely:

1. Oral hygiene and proper handwashing;
2. Provision of safe and adequate water supply;
3. Provision of toilet, handwashing, and drainage facilities;
4. Environmental sanitation (including the elimination of breeding grounds for mosquitoes that carry the dengue virus) and solid waste management;
5. Food sanitation;
6. Menstrual Hygiene Management;
7. Deworming; and
8. Hygiene and sanitation education

THREE-STAR APPROACH MATRIX IN THE PHILIPPINES

Three Star School

Meeting National Standards

- › School facilities and systems upgraded to meet national standards

Two Star School

Incremental Improvements

- › Hygiene education and facilities to promote handwashing with soap after toilet use
- › Improved Sanitation facilities, plus facilities and education for menstrual hygiene management
- › Low-cost point-of-use water treatment introduced in schools.

One Star School

Daily Routines to Promote Healthy Habits

- › Daily supervised group handwashing with soap, normally before the school meal
- › Daily supervised cleaning of toilets, and provision of water and soap (at least one usable toilet for girls and one for boys); no open defecation
- › Daily supervised use of drinking-water bottles by all children

No Star School

The Existing Situation for Many Schools

- › Limited or no hygiene promotion
- › May or may not have WASH infrastructure

- **WinS in DepEd’s Learning Continuity Plan**
- *Preparation of school facilities for potable water and handwashing*
- *Installation of school clinics*
- *Compliance to Required Health Standards in Schools*
- *WinS Capacity Building for Teachers and School Heads*

Status of Implementation

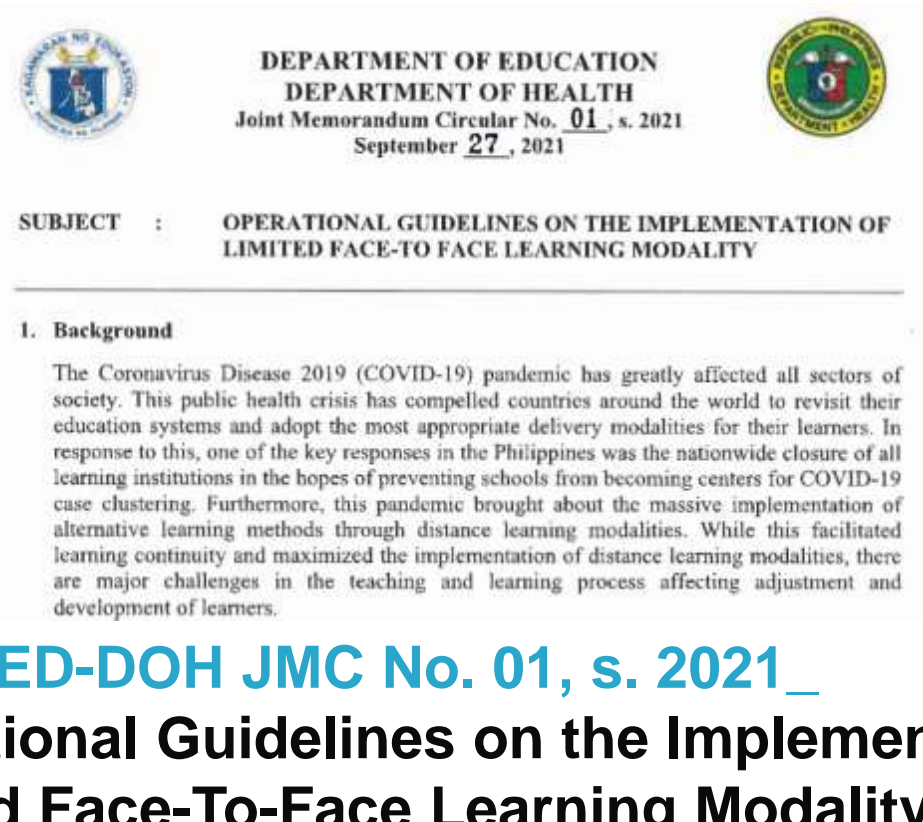

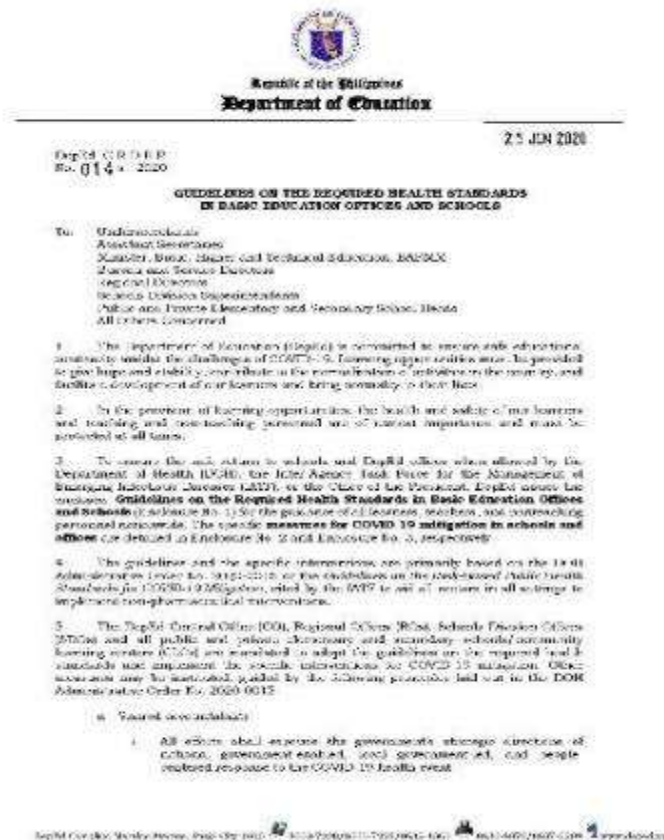

Activity/Program	Dates/Period
Enrollment <ul style="list-style-type: none"> • Remote enrollment for the first two weeks of June • Enrollment kiosks or desks in the schools/barangays will be set up where parents who have no access to any virtual platforms can physically enroll their children on the third and fourth week of June. Strict adherence to health standards will be followed • Learner Enrollment and Survey Form to be accomplished to generate learner and household information important for programming of learning delivery modalities. 	June 1 to 30
Brigada Eskwela and Oplan Balik Eskwela <ul style="list-style-type: none"> • Reconfigured to jointly assist the implementation of BE-LCP, pursuant to DepEd Memo no. 53, 2020 titled Joint Implementing Guidelines on the 2020 Brigada Eskwela and Oplan Balik Eskwela. 	June 1 to August 29

Roadmap to Readiness

Activity/Program	Dates/Period
Safe Back to Schools (when face-to-face classes is already safe/allowed) <ul style="list-style-type: none"> • Policy issuance on Required Health Standards in schools • Disinfection of schools • Strict adherence to the standards set in DO No. 10, s. 2016 titled Policy and Guidelines for the Comprehensive Water, Sanitation, and Hygiene in Schools (WINS) • Replacement of ceilings of classrooms build from 2014-2019 • Repair/rehabilitation of calamity-related damages 	<ul style="list-style-type: none"> • June onwards and as safety/national policy/budget will allow

REQUIRED HEALTH STANDARDS

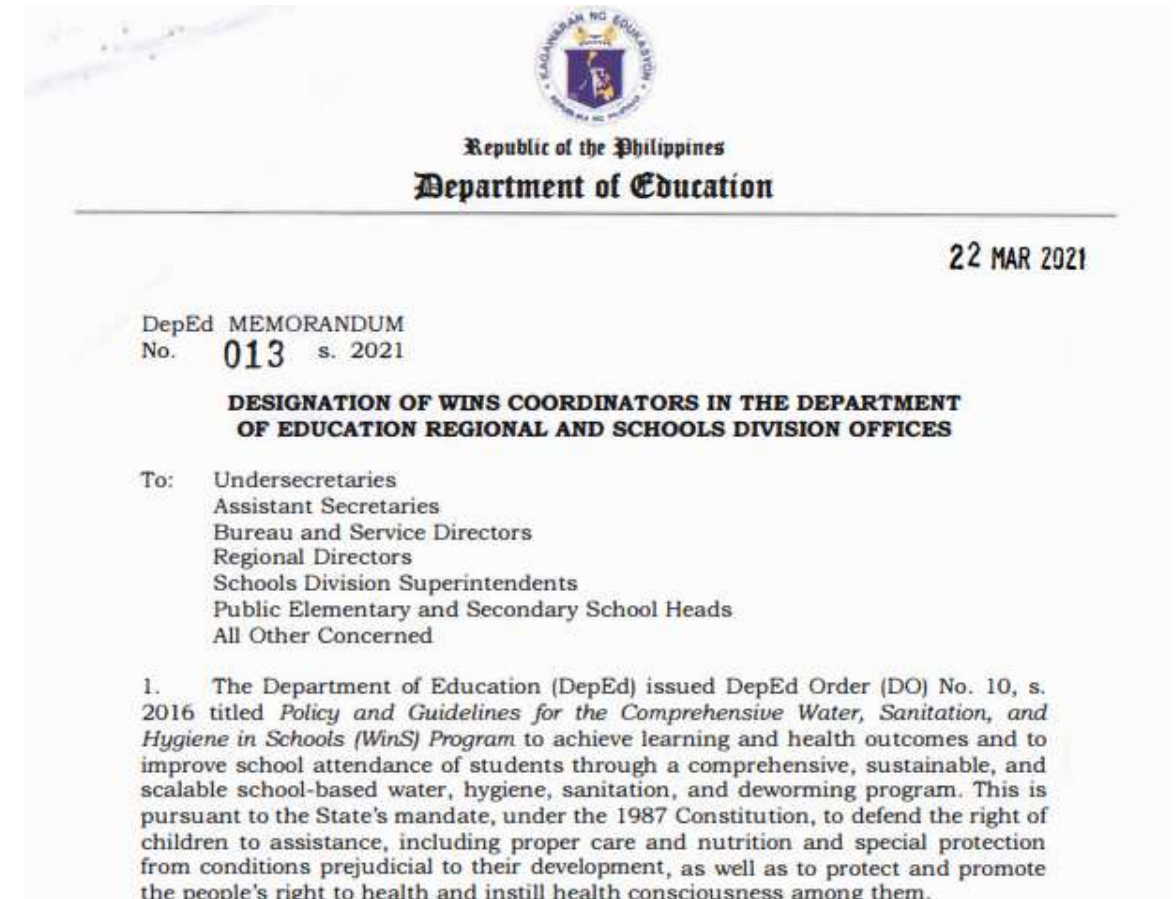

- DepEd Order no. 14, S. 2020 Guidelines on the Required Health Standards in Basic Education Offices and Schools

- **DEPED-DOH JMC No. 01, s. 2021_ Operational Guidelines on the Implementation of Limited Face-To-Face Learning Modality**

WINS COORDINATORS

- [DepEd Memo no. 13, S. 2021: Designation of WinS Coordinators in the Department of Education Regional and Schools Division Offices](#)

WINS MONITORING

- **WinS Data for evaluation of schools considered for pilot face-to-face classes**

IN THE NEWS

DEPED TO LAUNCH PILOT FACE-TO-FACE CLASSES IN SELECTED 120 SCHOOLS

About 100 public and 20 private schools in minimal-risk COVID-19 areas are set to participate in the pilot limited face-to-face classes of the Department of Education following the approval of President Duterte. The rest of the basic education schools in the Philippines will continue with blended distance learning.

WINS MONITORING RESULTS

FILE PHOTO

DEPED WINS REPORT: MORE SCHOOLS MAKE GREAT PROGRESS IN WATER, SANITATION, AND HYGIENE CONDITIONS

The number of schools meeting the five WASH indicators and reaching the national standards has tripled from 9% to 26.5% of nearly 40,000 participating schools.

Region VI retained its position as the top region with the highest percentage of schools rising to the national WinS standards with one in every ten schools having a three-star rating.

WINS FOR THE WIN

The infographic has a yellow-to-pink gradient background. At the top right is the DepEd logo. Below it is a photograph of school children washing their hands in blue basins. The text "IN THE NEWS" is written in large, bold, white letters over the photograph. Below the photograph, the text reads: "DEPED, DOH COMMIT TO CREATE CULTURE OF HANDWASHING IN SCHOOLS AND COMMUNITIES AMID COVID-19 PANDEMIC". At the bottom, a smaller text block states: "DepEd and DOH renewed their commitment to promote handwashing in schools and communities, together with other health measures, to ensure safe school reopening and reduce disease transmission in public settings."

Thank you.
